MyChart Mobile Video Visit

You can schedule a video visit to have a face-to-face interaction with your doctor from the convenience of home or work. Video visits are available for MOST types of visits with your doctor. For more information, follow the link or call the number for your local health system:

Our Lady of the Lake: https://ololrmc.com/mychart/ Phone 225-765-5500
Our Lady of Lourdes: https://lourdesrmc.com/mychart/ Phone 337-470-GoMD (4663)
St. Francis Medical Center: https://stfran.com/mychart/ Call your doctor’s clinic

Prepare for your video visit
To ensure a smooth connection, complete the following tasks well in advance of your video visit:

1. Download the MyChart Mobile application from the Apple App Store or Google Play store (iPhone, iPad, or Android).

2. Log in to the MyChart app on your mobile device.

3. You can confirm your location (state) or enter your organization.
   
   Our Lady of the Lake Physician Group
   Lourdes Physician Group
   St. Francis Medical Group

4. Select an organization. Note: Your device may request access to locations. You will be asked to enter a User Name and Password.
Schedule an Appointment

1. Select **Appointments**.

![MyChart Appointments Screen](image)

2. Select **Schedule an Appointment**. Select **Video Visit** from the list.  

![Schedule an Appointment Button](image)

3. After your MyChart video visit has been scheduled, your video visit will appear in the **Appointments** tab of your MyChart patient portal.

4. At least 15 minutes prior to your video visit appointment, log in to the MyChart app on your mobile device.

5. Locate the video visit in the **Appointments** tab. Find your upcoming appointment and tap to open the details. Locate the video visit and select **eCheck-In**.

![MyChart Appointments Screen](image)
6. **eCheck-In process**: Tap **eCheck-In** to complete the necessary steps prior to beginning your visit. You can also edit or confirm your personal information (demographics, insurance information, medical issues, medications), pay your co-pay and e-sign any expired documents.

**Connect to the video visit**

1. **Begin Visit** will be located at the bottom of the screen. Click **Begin Visit**.

![Begin Visit screen](Image)

2. Once the video visit has made a connection a message will appear “Connected please wait for your provider”.

![Connected screen](Image)
3. After you connect to the video visit, you might need to wait for your doctor to connect.

4. Once the doctor joins the video visit, they will appear in the top box, while you will appear in the lower box.

Note: If the button says test connectivity, it is too soon to enter the video visit, or the appointment time slot has passed.

**Control the video visit**

- Change camera orientation from photo view to “selfie” view

- Microphone- make sure microphone is not muted.

- Leave the video session.

**Helpful Tips:**

- Compatibility of device:
  - iPhone or iPad- version 11.0 iOS or greater
  - Android- version 5.0 or greater
- Make sure you are in a well-lit and private area.
- Make sure your phone is fully charged.
- If possible, please weigh yourself, take your temperature, and/or blood pressure for the visit. If these devices (scale, thermometer, blood pressure machine) are not available, you may still continue with the video visit.
- If at any time you are unable to connect to your video visit, please contact your provider's office.
